

COVID-19 Business and Organization Reopenings

Today, May 15, all chamber member businesses and organizations are receiving an updated listing of COVID-19 Business and Organization Reopenings. Updated and new listings are identified. This listing is also being posted on the chamber's Facebook page and on the chamber website.

This list includes 64 businesses. Of the 41 listings released on May 7, 26 remain the same and 15 have been updated. Also included today are 23 new listings, many of them restaurants.

To change information on this listing or to add a new listing, contact Sharon Hazelton by email at sharonh@wellsboropa.com by 4 pm on Tuesday, May 19.

In line with Governor Tom Wolf's yellow phase of Pennsylvania's three-phase reopening plan for businesses and organizations, Wellsboro Area Chamber of Commerce members are reopening to customers by following state recommended procedures.

The number of customers allowed in stores and offices at any given time is based on keeping six feet of space between individuals. Customers are also asked to wear masks; cover coughs or sneezes with a sleeve or elbow; not shake hands; wash hands with soap and water for 20 seconds as often as possible; use hand sanitizer if soap and water are not available; participate in groups of not more than 25 people; and stay home if sick.

This list of Wellsboro Area Chamber of Commerce business and organization members includes some who have been offering services throughout the pandemic and others who reopened recently to customers; some who are offering no in-person contact services and others who are planning to reopen at some point in the future.
